

Portugaliae Electrochimica Acta

Journal of the Portuguese Electrochemical Society

(<http://www.peacta.qui.uc.pt>)

Dear Authors,

Thank you for submitting to P.E.A. your manuscript. We kindly ask you to suggest three referees.

Due to financial difficulties, we regret to say that we are forced to ask those who submit papers to PEA to give a small contribution to the publication of their papers, € 150.00, when they are accepted.

As soon as we receive a letter from you accepting these conditions (maximum three months), we will send your paper to referees, and if the Editor, based on their opinions, decides to accept your paper, even when subject to small alterations, we will ask you to deposit € 150.00 in the account with the following IBAN number: PT50 0007 0023 0037 8560 0091 9.

The bank costs of the appropriate bank operations should be supported by the authors (or their institutions), that is, the net amount in our account must be € 150.00. We will then send you the paper for any eventual alterations or, if none are to be made, directly for publication.

We deeply regret to have to ask for this contribution. We hope you understand our position,

The Editor
